Hi Rudy,

You just entered my thread, so I like to help you out.

You can start your own request, and yes, you can do it in english.

We will answer in english, no problem.

If you have a problem to upload a picture because you don't understand german very well, you will

be able to place pictures on any free picture service site.

Insert the link to your pictures and don't forget to add a story.

Are you in Australia, the county of AWA, Kriesler, Precedent and all the others?

Best regards,

MonsieurTélévision
